Our registered dietitians, onsite management and the power of the food management system, End2End, ensures students can make safe, healthy choices every day.

All this essential information including nutrition facts, allergen information, specialty diets and recipe ingredients are easy to access & navigate through our menu signage at service stations and on the dining website. We identify the “Big Nine” food allergies and gluten, plus highlight our BeWell, vegan and vegetarian menu options with icons through our menu management system. In addition, our dietitians are here to assist you in making educated food choices that meet your children's nutrition and wellness goals, or answer questions related to special diet needs. This is a free email resource available year-round at askdietitian@lexingtonindependents.com.

Please let us know us know of any questions.
